Medical Interpreting Training

40 Hour Course
With Beth Kuperman
Director of Bilingual Programs
Telluride Medical Center

Course Expectations:

**Bilingual in Spanish/English
40 hrs + At home study time**

Region 10 Enterprise Center

300 N. Cascade Ave

Sneffel's Conference Room

Entrance off of N. 3rd Street

March 12-13th; 26-27th

April 9-10th; 23-24th

Friday evenings 5:30-8:30 Saturdays 9-5:00 p.m.

Course Overview:

This basic Medical Interpreter training course will focus first on the ethics, standards and logistics of how to be an effective medical interpreter. The lion's share of the course will then turn to learning medical terminology in English and Spanish, to give the participants a working platform of knowledge from which to grow. There will be plenty of time spent practicing interpretation scenarios to build necessary interpretation skills. The course will also include a pre- and post-test to gauge student progress.
